Best Gadgets for Men Under \$100

Our Friends · Friday, May 14th, 2021

When smartwatches first hit the market, many people marveled over the amazing features that they offered! As time has passed, there have been many other smart gadgets introduced to the market with men in mind. If your man loves his gadgets, then take a look at these and treat him, knowing that you won't have to pay out more than \$100 for each of them!

Mi Band 6

If your man is new to smart gadgetry, then a Mi Band 6 may be a great starting point. It is a smartwatch device and comes with a large number of tracking options that will give him the encouragement he needs to get out and about. Plus, if he loves to swim, then this is not a problem either as it is waterproof up to 50m.

Keeping in touch is simple, too, as the band will display notifications when you call or text, and it also gives him the opportunity to check his health stats with SpO2 and stress monitoring built-in and ready to use. It's budget-friendly and works well, but if your man is a fitness fiend, then the lack of GPS may not be ideal.

PURROMM Smart Ring

If a smartwatch isn't his thing, then why not try a smart ring instead? These attractive wearables come in a range of styles and prices, and the PURROMM smart ring is one of the cheapest on the market right now and doesn't need to be battery charged!

This ring can be programmed to allow you to pay when he wants to pick up something from the store, and it can also copy any type of entry card to allow you into your building, workplace, or car park. Plus, it comes with an NXP smart chip that allows you to use your NFC features from your hand.

Sony SRS-XB12

If you love nothing more than heading out for the day together, then having access to a decent speaker to play some music when you enjoy your lunch is a great idea. The Sony SRS-XB12 is a wireless speaker that offers high-quality sound without a high price tag.

Simply connect via Bluetooth and let him be the picnic or camping DJ without having to worry about losing connection. Plus, this speaker is waterproof, too, so it won't let you down if you find

yourself out in the middle of a downpour!

TOZO T6

If you love the idea of wireless earbuds but have an android phone or don't want to pay out for Apple's pricy alternative, then the TOZO T6 is a great choice. Not only are they waterproof, but they offer a deep bass sound that will impress any gadget fan out there!

He can look forward to up to six hours of continuous playback, and when you add the charging case into the mix, then the speakers will work for up to thirty hours between charges! When it comes to charging, you only need to play in for 55 minutes, or you can opt for wireless charging that takes a maximum of two hours.

On Trend and On Point with Pricing

It is clear that smart gadgets are growing in popularity and offer a new and exciting way of keeping in touch and up to date. The next time you want to [spoil your man](#) with something fun, why not pick one of these and watch as he discovers the fun of a brand new and cost-effective gadget!
