Dani Shay, 'One'

Majestic Imaging · Thursday, December 13th, 2012

Dani Shay, the soulful rocker who won our hearts earlier this year with her homemade video '[Girl or Boy](#),' just released her new single, 'One.'

About this video, Dani writes, "We want to share with you the reasons we created this video, and would also love to hear how it made you feel. Our main goal was to share Love, and to open up a conversation about how true connections can exist beyond physical definitions."

Thanks for the spirit, Dani. May we all connect beyond physical definition in 2013!
